Whereas, by Administrative Order dated June 19, 1934, the Supplemental Code of Fair Competition for the Conveyor and Material Preparation Equipment Manufacturing Subdivision of Machinery and Allied Products Industry was approved on certain conditions as stated in the Order; and

Whereas, condition No. 2 specified that the provisions of Section 2 of Article IX were thereby stayed for a period of sixty (60) days, or until such additional period as I, by my further order, may direct; in order that the Code Authority may submit a suitable plan for determining trade-in allowances; and

## REPORT TO THE PRESIDENT

The PRESIDENT,

*The White House.*

SIR: Condition No. 2 in the Order approving the Code of Fair Competition for the Conveyor and Material Preparation Equipment Manufacturing Subdivision of Machinery and Allied Products Industry, approved by me on June 19, 1934, provides that the provisions of Article IX, Section (2), be and they are thereby stayed pending the adoption and submission to the Administrator of a plan to cover trade-in values of used equipment. This condition in the Order of Approval reads as follows:

"Provided, however, that the application of the provisions of Article IX, Section (2) be, and it hereby is, stayed for a period of sixty (60) days, or such additional period as I, by my further order, may direct, in order that the Code Authority may submit a suitable plan for determining trade-in allowances."

Satisfactory evidence that the stay should be continued has been submitted to me.

The Assistant Deputy Administrator in his final report to me on said Amendment to said Order, having found as herein set forth and on the basis of the proceedings in the matter; I find that:

(a) The Amendment to said Order and the Order as amended and affecting the Supplemental Code, are well designed to promote the policies and purposes of Title I of the National Industrial Recovery Act, including the removal of obstructions to the free flow of interstate and foreign commerce which tend to diminish the amount thereof, and will provide for the general welfare by promoting the organization of industry for the purpose of cooperative action among trade groups, by inducing and maintaining united action of labor and management under adequate governmental sanction and supervision, by eliminating unfair competitive practices, by promoting the fullest possible utilization of the present productive capacity of industries, by avoiding undue restriction of production (except as may be temporarily required), by increasing the consumption of industrial and agricultural products through increasing purchasing power, by reducing and relieving unemployment, by improving standards of labor, and by otherwise rehabilitating industry.

(b) The Order as amended and affecting the Code complies in all respects with the pertinent provisions of said Title of said Act, including without limitation Subsection (a) of Section 3, Subsection (a) of Section 7, and Subsection (b) of Section 10 thereof.

(c) The Amendment to the Order and the Order as amended and affecting the Code are not designed to and will not permit monopolies or monopolistic practices.

(d) The Amendment to the Order and the Order as amended and affecting the Code are not designed to and will not eliminate or oppress small enterprises and will not operate to discriminate against them.

(e) Those engaged in other steps of the economic process have not been deprived of the right to be heard prior to the approval of said Amendment to the Order of Approval.

For these reasons, therefore, I have approved this Amendment.

Respectfully,

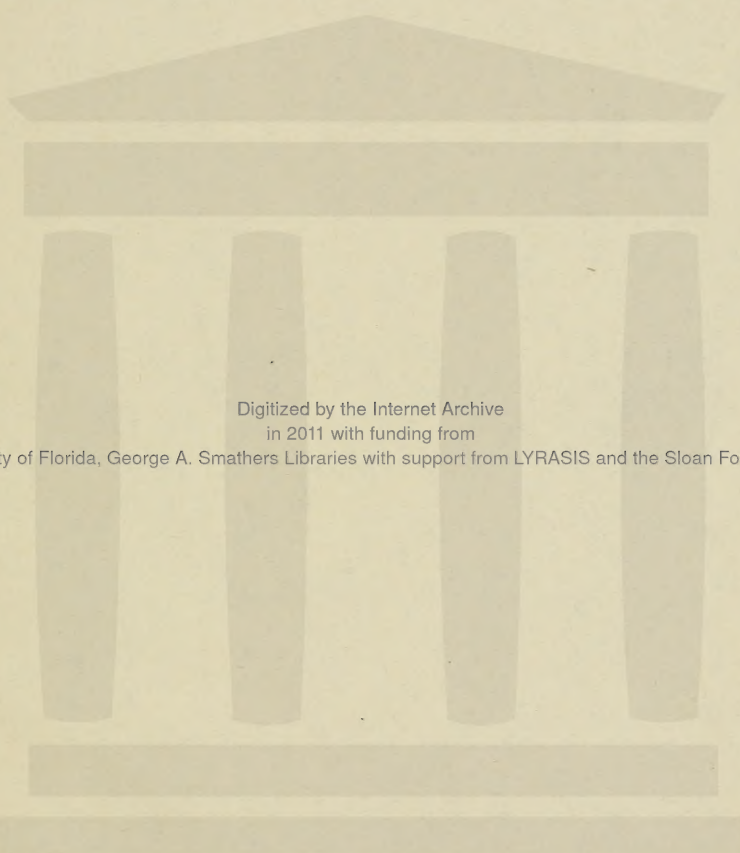

HUGH S. JOHNSON, *Administrator*.
